

Welcome

Hi I would like to personally say thank you for reaching out, nice to meet you. I do hope you find value in what I'm about to share with you.

If you follow and implement exactly the way I tell you, you will see results. You must be committed, obsessed, patient, and willing to do the work. It took me 3 years of consistency to get where I am today.

When I started in Real Estate in April 2017 I didn't know anything at all, I had no proper training, mentorship, support etc, it was like here you go.....Even today many brokerages don't have a proper onboarding/training system, they don't know how to leverage social media, how to teach lead gen, what to do, what to say etc.

I want to give you the training, tools, ideas to help you succeed. I will give you examples of everything I talk about, If I missed something please reach out to me <https://solo.to/coachkrisramotar1>

Here is my story....you will see where I am coming from <https://youtu.be/dDMgXB9pWww>
