HOW MUCH HOME CAN YOU AFFORD

This formula is only a guide and not to be construed as actual lending calculations.

Contact your loan officer to determine more accurately what price range you should consider. Lenders abide by certain ratios when calculating the loan amount their customers can qualify for and the ratios vary by lender and loan program. Many use 28% of your gross monthly income as the maximum allowed for your mortgage payment (principal/interest/taxes/insurance or PITI); for your total monthly debt, the ratio is 36%. Total monthly expenses means PITI plus long-term debt (such as auto loans) and revolving/credit-card debt. Do not include other expenses such as groceries, utilities, clothing, tuition, etc., to calculate this ratio.

Selecting a Home

The following home comparison chart is designed to help you remember the homes you visit and what you liked best and least about each one. Rate features or make notes that will help you determine what pleased or displeased you.

Remembering each home would appear easy, but it can quickly become confusing. Which home was near the school? Which one had the great pool? Did it have a family room? And how many bathrooms?

In the "Something Memorable" category, note something you think is unusual and memorable about each home, such as a stained glass window, fruit trees, a child's playhouse. This will make it easier for you to recall the property later and refer to a specific address. And, last but not least, maybe the most important question, does this house feel like home?

Obtaining a new loan

WHEN AND WHERE TO APPLY FOR A LOAN? There are many sources for home loans including banks, credit unions, mortgage companies, and mortgage brokers. Your REALTOR® may give you several names of lenders who have proven reliable in their previous transactions. Apply for your loan as soon as possible. In fact, it's probably a good idea to know what you can afford before you begin looking for your new home. It can give you more bargaining power when negotiating with a Seller, especially in today's market. A lender can prequalify you for a certain price range and help you avoid disappointment later.

YOUR LENDER WILL MAIL OUT VERIFICATION REQUESTS and order an appraisal on the property you are buying. If your lender asks for additional items, please comply promptly with those requests to avoid delaying loan approval.

WHAT IS HAZARD (OR FIRE) INSURANCE? Hazard insurance covers the dwelling itself and is required by the lender to protect their "risk" in your home. Your lender or REALTOR® will explain the necessary hazard insurance coverage to you. If you are buying a condominium, a master policy already exists which includes your unit—but it does not cover your personal belongings.

CONTACT YOUR INSURANCE AGENT EARLY in the process, because this coverage must be provided so the lender can release loan funds to First American Title. Hazard insurance is one of the items frequently postponed until the last minute, and this can result in delaying the closing for a day or more. Order your insurance as soon as your loan is approved; then furnish your escrow officer with the agent's name and phone number. When you talk with your insurance agent, be sure to ask about additional coverage in a homeowner's policy to insure your personal belongings and to protect against liability for such events as injuries to visitors.

WHAT HAPPENS AFTER LOAN APPROVAL?

After loan approval and just prior to your planned closing date, the lender will send loan documents to First American Title, and your escrow officer will prepare an estimated settlement statement. This statement indicates what funds go where, and at this time your escrow officer can tell you how much money you need to bring to the closing appointment. Be aware that this amount may be higher or lower than previously estimated due to changes in such items as prepaid interest, prorated fees, courier fees, and impound accounts.

WHAT YOU MAY NEED FOR THE LOAN APPLICATION

BE PREPARED TO PROVIDE SOME OF ALL OF THESE ITEMS TO YOUR LOAN OFFICER:

- Addresses of residences for last two years
- Social Security Number
- Driver's License or other valid ID
- Names and addresses of employers for last two years

- Federal tax returns for last two years
- W-2's for last two years
- Last two months statements for all checking and savings account
- Loans: Names, addresses, account numbers, and payment amounts on all loans
- Real estate loans: Names, addresses, account numbers, and payment amounts on all loans for other real estate you own
- Credit cards: Names, addresses, account numbers, and payment amounts on all credit cards
- Addresses and values of other real estate owned
- Value of personal property. Your best estimate of the value of all your personal property (autos, boats, furniture, jewelry, television, stereo, computer, other electronics, etc.)
- For a VA loan, Certificate of Eligibility or DD214s
- Divorce decree if applicable
- Funds to pay upfront for the credit report and appraisal
- Letters of Explanation regarding credit inquiries or special circumstances

Types of Loans

ADJUSTABLE RATE LOAN.

Adjustable or variable rate refers to the fluctuating interest rate you'll pay over the life of the loan. The rate is adjusted periodically to coincide with changes in the index on which the rate is based. The minimum and maximum amounts of adjustment, as well as the frequency of adjustment are specified in the loan terms. An adjustable rate mortgage may allow you to qualify for a higher loan amount but maximums, caps and time frames should be considered before deciding on this type of loan.

ASSUMABLE LOAN.

A true assumable loan is rare today. This loan used to enable a buyer to pay the seller for the equity in the home and take over the payments without meeting any requirements. Assumables these days generally require standard income, credit and funds verification by the lender before the loan can be transferred to the buyer.

COMMUNITY HOMEBUYER'S PROGRAM.

This program is designed to assist first-time buyers by offering a fixed rate and a low downpayment, such as 3 to 5% down. The program doesn't require cash reserves, and qualifying ratios are more lenient; however, the buyer's income must fall within a certain range and a training course may be necessary if required by the program. Ask your loan officer if this program is available in your community and whether or not you might qualify.

CONVENTIONAL LOAN.

This simply describes a loan that is not obtained under any government-insured program, secured by investors. It could be a fixed rate or adjustable.

FHA LOAN.

This program is beneficial for buyers who don't have large downpayments. The loan is insured by the Federal Housing Administration under Housing and Urban Development (HUD) and offers easier qualifying with less cash needed upfront but the condition of the property is strictly regulated. The seller will pay a portion of the closing costs that would typically be paid by the buyer in a conventional loan program.

FIXED RATE LOAN.

This loan has one interest rate that is constant throughout the loan.

VA LOAN.

People who have served in the U.S. armed forces can apply for a VA loan which covers up to 100% of the purchase price and requires little or no downpayment.

The Escrow Process

WHAT IS AN ESCROW?

The escrow is the process of having a neutral party manage the exchange of money for real property. The escrow holder is known as an escrow or settlement officer or agent. The buyer deposits funds and the seller deposits a deed with the escrow holder along with all of the other documents required to remove all "contingencies" (conditions and approvals) in the purchase agreement prior to closing.

HOW IS AN ESCROW OPENED?

Once a purchase agreement is signed by all necessary parties, the agent representing the party who will pay the fee selects an escrow holder and the buyer's earnest money deposit and contract are submitted to the escrow holder. From this point, the escrow holder will follow the mutual written instructions of the buyer and seller, maintaining a neutral stance to ensure that neither party has an unfair advantage over the other. The escrow holder also follows the instructions of the Buyer's new lender, the seller's existing lender, and both parties' agents. The escrow holder ensures the transparency of the transaction, while carefully maintaining the privacy of the consumers.

Your Escrow Professional May:

- Open escrow and, if instructed to do so, deposit your good faith funds in a separate escrow account
- Order a title search to determine ownership and status of the subject real property
- Issue a preliminary report and begin the process of eliminating the title exceptions you and your lender are not willing to take title subject to
- Request payoff information for the seller's loans, other liens, homeowner's association fees, etc.
- Coordinate with the buyer's lender on the preparation of the Closing Disclosure (CD)
- Prorate fees, such as real property taxes, per the contract, and prepare the settlement statement
- Set separate appointments allowing the seller and you to sign documents and deposit funds
- Review documents ensuring all conditions and legal requirements are fulfilled; request funds from lender
- When all funds are deposited, record documents with the County Recorder's Office to transfer the subject real property to you
- After the recordation is confirmed, close escrow and disburse funds, including Seller's proceeds, loan payoffs, etc.
- Prepare and send final documents to all parties involved

Understanding **Title Insurance** The Title Industry & Title Insurance in Brief

Prior to the development of the title industry in the late 1800s, a home-buyer received a grantor's warranty, attorney's title opinion, or abstractor's certificate as assurance of home ownership. The buyer relied on the financial integrity of the grantor, attorney, or abstractor for protection. Today, home-buyers look primarily to title insurance to provide this protection. Title insurance companies are regulated by state statute. They are required to post financial guarantees to ensure that any claims will be paid in a timely fashion. They also must maintain their own "title plants" which house duplicates of recorded deeds, mortgages, plats, and other pertinent county property records.

WHAT IS TITLE INSURANCE?

Title insurance provides coverage for certain losses due to defects in the title that, for the most part, occurred prior to your ownership. Title insurance protects against defects such as prior fraud or forgery that might go undetected until after closing and possibly jeopardize your ownership and investment.

WHY IS TITLE INSURANCE NEEDED?

Title insurance insures buyers against the risk that they did not acquire marketable title from the seller. It is primarily designed to reduce risk or loss caused by defects in title from the past. A loan policy of title insurance protects the interest of the mortgage lender, while an owner's policy protects the equity of you, the buyer, for as long as you or your heirs (in certain policies) own the real property.

WHEN IS THE PREMIUM DUE?

You pay for your owner's title insurance policy only once, at the close of escrow. Who pays for the owner's policy and loan policy varies depending on local customs.

HOW TITLE INSURANCE DIFFERS

From Other Forms of Insurance

Unlike other forms of insurance, title insurance emphasizes loss prevention for the insured. Title professionals perform labor-intensive work to find and address title issues that could threaten your homeownership. This upfront analysis gives you, as a policy holder, the peace of mind that your title risk has been effectively reduced. In contrast, insurance based on loss assumption (such as auto or property and casualty insurance) requires little upfront work because claims cannot be predicted or prevented, and premium funds are needed only in the event of an accident or other covered issue. These types of insurance also require annual coverage payments, unlike title insurance which is paid for only once upon the purchase of your home or establishment of a new mortgage.

The Importance of Title Protection

There are many title issues that could cause you to lose your real property or your mortgage investment. Even the most careful search of public records may not disclose the most dangerous threat: hidden risks. These issues may not be uncovered until years later. Without title insurance from a reputable and financially solvent company, the ownership of your home could be jeopardized.

Here are some examples of title issues that may occur:

- Deeds by persons supposedly single, but secretly married
- Deeds in lieu of foreclosure given under duress
- Marital rights of spouse purportedly, but not legally, divorced
- Impersonation of the true owner of the land
- Deeds by minors
- Deeds by persons of unsound mind
- Deeds to or from defunct corporations
- Defective acknowledgments by notaries
- Duress in execution of instruments
- Erroneous reports furnished by tax officials
- Forged deeds, releases, etc.
- Mistakes in recording legal documents
- Surviving children omitted from will
- Administration of estate of persons absent but not deceased
- Birth or adoption of children after date of will
- Claims of creditors against real property sold by heirs or devisees
- Deed of community property recited to be separate property
- Deeds by foreign parties

Note: Arizona is a community property state. Property acquired by a married couple is presumed to be community property unless legally specified otherwise. Title may be held as "Sole and Separate." If a married person acquires title as sole and separate, his or her spouse must execute a disclaimer deed to avoid the presumption of community property. Parties may choose to hold title in the name of an entity, e.g., a corporation; a limited liability company; a partnership (general or limited), or a trust. Each method of taking title has certain significant legal and tax consequences; therefore, you are encouraged to obtain advice from an attorney or other qualified professional.

WHAT HAPPENS NEXT FOR THE BUYER

IDENTITY STATEMENT

You will be asked to fill out an Identity Statement that enables our title department to distinguish you from others with identical names during our search of County records. It also provides basic information that will be useful to your escrow officer.

HOME LOAN

Unless you are paying cash, assuming a loan, or the seller is financing, you will need to apply for a home loan if you have not already done so. Apply as soon as possible to comply with the purchase contract and prior to insuring to avoid delaying the closing.

RESPONSE TO SELLER'S NOTICES

If directed by the contract, you may receive the following items which require a response from you:

- Seller's property disclosure statement listing any existing problems known to the seller
- Information pertaining to the Homeowners Association (HOA) or Planned Unit Development (PUD), such as Covenants, Conditions and Restrictions (CC&Rs), if applicable
- Flood hazard disclosure if the real property is in a flood area
- Independent inspections, such as termite and septic, and any repairs as required

TITLE COMMITMENT

You will receive a copy of the title commitment when we complete the title search. If you have questions about the title commitment, contact your real estate agent or your escrow officer.

CONSIDER THIS

One escrow transaction could involve over 20 individuals, including real estate professionals, buyer, seller, attorney, escrow officer, escrow technician, title officer, loan officer, loan processor, loan underwriter, home inspector, termite inspector, insurance agent, home warranty representative, contractor, roofer, plumber, pool service, and so on. And often one transaction depends on another.

When you consider the number of people involved, you can imagine the opportunities for delays and mishaps. While your experienced real estate professional, escrow, and title team can't prevent unforeseen problems from arising, they can help to ensure as smooth a closing as possible.

Your Title Commitment

The information below is to help you understand the contents of the title commitment you will receive from First American Title.

SCHEDULE A

This is the information submitted to our title department by the escrow officer. It contains the basic information given to us by the buyer or real estate professional, such as the legal description of the real property, sale price, loan amount, lender, name, and marital status of buyer and seller.

SCHEDULE B

The Schedule B "exceptions" are items which are tied to the subject property, and the buyer's rights in the title will be subject to these exceptions. These may include easements, Homeowners Association by-laws, leases, Covenants, Conditions, and Restrictions (CC&Rs) and other items which will remain of record and transfer with the property. The buyer is asked to sign a receipt for the Schedule B documents which states the buyer has read and accepts the contents.

REQUIREMENTS

These are items that First American Title needs to delete and/or record prior to insuring title to the real property. Items that need to be addressed include:

- Current property-tax status
- Any assessments that are owed, such as those for a Homeowners Association
- Any encumbrances (or liens) on the real property

Sometimes items show up against a parcel of real property because another person has a name similar to an involved party. This is one reason we ask for an Identity Statement, to determine if items are inaccurate and can be deleted.

What to Avoid During the Closing Process

AVOID CHANGING JOBS

A job change may result in your loan being denied, particularly if you are taking a lower-paying position or moving into a different field. Don't think you're safe because you've received approval earlier in the process, as the lender may call your employer to re-verify your employment just prior to funding the loan.

AVOID SWITCHING BANKS OR MOVING YOUR MONEY TO ANOTHER INSTITUTION

After the lender has verified your funds at one or more institutions, the money should remain there until needed for the purchase.

AVOID PAYING OFF EXISTING ACCOUNTS UNLESS YOUR LENDER REQUESTS IT

If your loan officer advises you to pay off certain bills in order to qualify for the loan, follow that advice. Otherwise, leave your accounts as they are until your escrow closes.

AVOID MAKING ANY LARGE PURCHASES

A major purchase that requires a withdrawal from your verified funds or increases your debt can result in your not qualifying for the loan. A lender may check your credit or re-verify funds at the last minute, so avoid purchases that could impact your loan approval.

Closing Your Escrow

THE CLOSING DISCLOSURE

Once the loan is approved and all invoices and paperwork have been provided, the lender and escrow officer will collaborate on the preparation of the Closing Disclosure (CD). In order to close on time, all paperwork and invoices should be submitted at least 10 days prior to the expected close of escrow date. The borrower must receive the CD at least three days* prior to consummation of the loan (typically the signing date). The escrow officer will also prepare an estimated settlement statement and inform the buyer of the balance of the down payment and closing costs needed to close escrow.

**For purposes of the Closing Disclosure "business day" is defined as every day except Sundays and Federal legal holidays.*

THE CLOSING OR SIGNING APPOINTMENT

The escrow holder will contact you or your agent to schedule a closing or signing appointment. In some states, this is the "close of escrow." In some others, the close of escrow is either the day the documents record or that funds are disbursed. Ask your escrow holder if you would like clarification about your state's laws.

You will have a chance to review the settlement statement and supporting documentation. This is your opportunity to ask questions and clarify terms. You should review the settlement statement carefully and report discrepancies

to the escrow officer. This includes any payments that may have been missed. You are responsible for all charges incurred even if overlooked by the escrow holder, so it's better to bring these to their attention before closing.

The escrow holder is obligated by law to have the designated amount of money before releasing any funds. If you have questions or foresee a problem, let your escrow holder know immediately.

DON'T FORGET YOUR IDENTIFICATION

You will need valid identification with your photo I.D. on it when you sign documents that need to be notarized (such as a deed). A driver's license is preferred. You will also be asked to provide your social security number for tax reporting purposes, and a forwarding address.

WHAT HAPPENS NEXT?

If you are obtaining a new loan, your signed loan documents will be returned to the lender for review. The escrow holder will ensure that all contract conditions have been met and will ask the lender to "fund the loan." If your loan documents are satisfactory, the lender will send funds directly to the escrow holder. When the loan funds are received, the escrow holder will verify that all necessary funds are in. Escrow funds will be disbursed to the seller and other appropriate payees. Then, you'll receive the keys to your home!

After The Closing

We recommend you keep all records pertaining to your home together in a safe place, including all purchase documents, insurance, maintenance, and improvements.

HOME WARRANTY REPAIRS

If you have a home warranty plan with First American Home Buyers Protection, please call them directly and have your home warranty number available.

RECORDED DEED

The original deed to your home will be mailed directly to you by the County Recorder, generally within four to six weeks.

TITLE INSURANCE POLICY

First American Title will mail your policy to you in about two to three weeks.

PROPERTY TAXES

You may not receive a tax statement for the current year on the home you buy; however, it is your obligation to make sure the taxes are paid when due. Check with your mortgage company to find out if taxes are included with your payment. For more information on your property taxes, visit your County Auditor/Controller's web site.
