

Winter Relocation Checklist

Make your NYC winter relocation seamless by following these steps:

1. Check weather forecasts and plan for possible delays.
2. Ensure utilities (heat, water, electricity) are active in your new home.
3. Clear walkways, driveways, and stairs of snow and ice.
4. Pack belongings in waterproof and insulated containers.
5. Wear warm, layered clothing and have extra gloves, hats, and scarves.
6. Choose a moving company experienced with winter relocations.
7. Keep an essentials bag with toiletries, clothes, and important documents.
8. Protect fragile items and electronics with extra padding.
9. Obtain necessary parking permits for your moving truck in NYC.
10. Stay flexible and prepare for potential schedule adjustments.
