Buyer Winning Guide

Even in today's sellers' market, there are still ways for buyers to win big. Shop for your home with less stress and be more competitive. [HERE'S HOW IT WORKS.](#)

Become a Power Buyer

Leave the bidding competition behind. Stand out to the sellers and win your next home with an all-cash offer.

Have a home to sell before you buy? No Double Mortgages!!

We believe in making things fair and simple. When you become a power buyer you don't start paying a mortgage on your new home until the old one sells.

The Modern Way to Buy

Becoming a Power Buyer makes home buying stress-free. If you have to sell before you buy, never miss out on a great home because you haven't sold your current one.

The First Step is Easy!

We'll ask you a few questions about your home ownership goals, so that we can match you with the best service.

Buyer Winning Guide

1

Get the buying power of cash and make your offer non-contingent. This will allow you to stand out in a crowded market and give yourself a better chance to win your dream home.

2

Get your offer accepted and be able to come out on top without breaking the bank.

3

Become a Power Buyer and compete with cash to make you stand out above the rest.

4

Secure your offer with protection against low appraisals and also a guaranteed closing date.
